Terms and Conditions

Assessment of applications

Receipt of your application will be acknowledged initially via email. Every applicant will be advised in writing of the outcome of their proposal or discussion.

Successful sponsorship applications

Most successful sponsorship applications will be required to enter into a formal arrangement via a Sponsorship Agreement with Leighs Construction, which details the level of benefits agreed to, performance level required, method of evaluation and payment terms. For smaller successful sponsorship applications that may not require a formal agreement, the Communications Advisor will discuss and agree with you payment terms and any other necessary matters.

All benefits agreed to in the Sponsorship Agreement must be delivered within the agreed timeframe, including ensuring logo placement and leverage deliverables are met. The Communications Advisor will provide all logos and necessary branding, which **MUST** be approved by the Communications Advisor, before any printing or publishing.

An evaluation of the sponsorship opportunity will be required, detailing all activity undertaken, exposure received by Leighs Construction and other relevant activities.

We review sponsorship applications on a regular basis and aim to respond to successful applicants with 28 days of their application.

Donation request

Leighs Construction receives many enquiries each week from various community organisations, charities and individuals requesting cash donations.

Unfortunately, we cannot support all requests as cash donations are limited due to our ongoing partnerships and current commitments.

Organisations can register their interest by submitting a request in writing to the Communications Advisor. Contact details listed above.
